

**Purified anti-Histone H3 Monomethyl (Lys9)**

Staining of monomethyl Lysine 9 Histone H3 (7E7.H12) on frozen mouse brain at 10 µg/ml.

Western Blot analysis showing anti-Histone H3 Monomethyl (Lys9) specificity: Lane 1: Molecular Weight Marker; Lane 2: 5 µg human HeLa cell lysate; Lane 3: 10 µg human HeLa cell lysate.
